Principal's Message

It is a busy time of year as we head into the final six weeks of the school year. A variety of project based learning activities as well as special year end events will take us to the end of June. We are finishing up our final intermural soccer league next week and grade three to five students are engaged in track and field activities, in the upcoming weeks, in preparation for our district track meet.

We continue to develop our student's sense of social responsibility reflecting on our Code of Conduct each day. As the end of the year comes closer and our student's excitement increases, maintaining our focus on supportive, respectful and caring behavior is an important part of our year end learning. Enjoy your long weekend.
